

**64<sup>th</sup> LMHI Congress,  
Timeless Quality Homeopathy  
26-30 August 2009, Warsaw, Poland  
Program**

# **Timeless Quality Homeopathy**

**The Polish Homeopathic Society, founded in 1892,  
is honored to organise the 64<sup>th</sup> Congress  
of the Liga Medicorum Homoeopathica Internationalis.**

Poland is located in the geographical middle of Europe between East and West and as similarity to this during the Warsaw Congress the idea of Homeopathy meets Homeopathic practice. Nowadays, Homeopathy deserves a superior understanding which guides this method of healing through oceans of misunderstanding and disbelief originating in human self-deception.

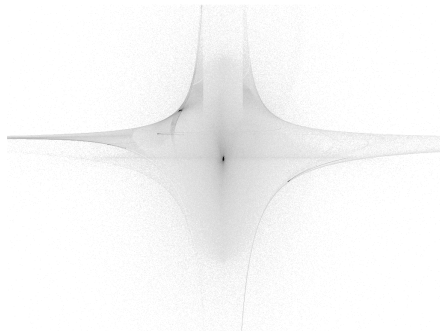

Every crisis brings also **a change – the change of positive disintegration**, which can help to rebuild inner self-integration. Poland's eventful history of prosperity, through ceasing from the world map till overcoming communism proves that only **Solidarity** can break the **walls**

**of self-deceit.** Long and eventful history of Polish homeopathy started in early 1820s with many successes, overcoming Wars and the Partitions of Poland till unprecedented statement of Polish Supreme Medical Council last year, calls us to take the responsibility for the situation of homeopathy – because only we are the people to change it.

Proving that homeopathy works is very important, similar importance has explanation of homeopathy based on modern science and explaining it to the common people - patients. For this reason we have to understand it deeply and there is no understanding without questioning. From this understanding depends the quality of homeopathy, which directs us toward health - so distant from curing and so close to healing.

**The 64<sup>th</sup> LMHI Congress**  
***Timeless Quality Homeopathy***  
**takes place in Warsaw,**  
**Poland on 26 - 30 August 2009.**  
**Concert Hall of Palace of Culture & Science**

[www.lmhi2009.com](http://www.lmhi2009.com)

## **Organising Committee**

Prof. Elżbieta Dernałowicz-Malarczyk

- President of the Congress

Dr Tomasz Kokoszczyński

- LMHI National Vice-President for Poland

Dr Ewa Czerwińska

- President of Polish Homeopathic Society,

- Main Coordinator of the Congress

Katarzyna Czerwińska - supervising organiser at venue

## **Scientific Committee**

Prof. Leoni Bonamin

Prof. Elżbieta Dernałowicz-Malarczyk

Prof. Elżbieta Dziubińska-Wasilewska

Dr Jose Matuk

Prof. Marcin Molski

Honorary member: Prof. Aleksander Ożarowski

## Place

64<sup>th</sup> LMHI Congress takes place in Concert Hall and two side rooms at 6<sup>th</sup> floor of Palace of Culture & Science (Pałac Kultury i Nauki, Warszawa, Plac Defilad 1) – please enter the basement level to lifts.

### Coffee & lunch breaks schedule:

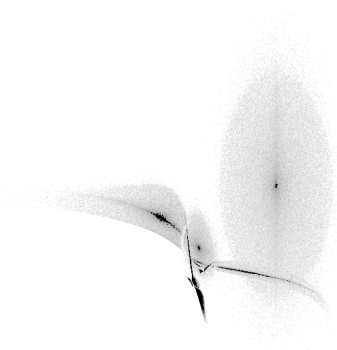

Sessions will start at 8:30. There are planned two 30 minutes coffee-breaks - morning and afternoon. (10.30-11.00; 16.00-16.30), and one hour lunch break in the noon (13.00-14.00)

On Friday session will start at 10:00 and lunch break is at 12:00-13:00; Coffee breaks are at 15:00-15:30 and 17:30-18:00.

**Day agenda.** Each day will start in the main Concert Hall for all participants with introduction of the day topics, presented in all rooms. Division to the rooms would take place during the first break. Lecture sessions will last 2 hours each (see program below).

**Reception and information points of homeopathic companies and publishers** will take place simultaneously in foyer.

**Press conference** with attendance of invited guests is planned for the second day of the Congress.

## Time plan of the 64<sup>th</sup> LMHI Congress, Warsaw 26-30 August 2009

### 25.08.2009

LMHI Executive Committee meeting (on invitation only)

### 26.08.2009 from 9:00 to 18:00

LMHI International Council (on invitation only)

### 29.08.2009 from 9:30 to 16:00

E.C.H. Research sub-committee (on invitation only)

### 26.08.2009 (Wednesday), First day of the Congress

Concert Hall, Foyer (6th Floor!) - [Registration & Inauguration](#)

14.00-18.00      **Registration**

18.00-19.00      **Official Opening Ceremony.** Welcome Addresses:

18.30-19.00      Ulrich Fischer, President of the LMHI

19.00-20.00      [Opening lecture](#) – Lex Rutten:  
**The 2005 Lancet review proved superior quality of homeopathy trials**

20.00-20.30      Piano recital, Stanislaw Drzewiecki

20.30-22.00      Welcome Reception

### 27.08.2009 (Thursday), The Second day of the Congress

Concert Hall – [Education](#) – (8.30 - 18.30)

Side Room 1 – [Eastward Homeopathy](#) – (11.00 - 18.30)

Side Room 2 – [Clinical studies](#) – (11.00 - 18.30)

Capitol Club – [Gala Dinner](#) at 20.00 (registration needed)

### 28.08.2009 (Friday), The third day of the Congress

Concert Hall – [Research](#) – (10.00 - 21.00)

Side Room 1 – [Veterinary & Agro-homeopathy session](#) (13.00-20.00)

Side Room 2 – [Clinical studies](#) – (13.00 - 20.00)

Concert Hall – [Science and Art](#) at 20:00 (Prof. Marcin Molski)

### 29.08.2009 (Saturday), The fourth day of the Congress

Concert Hall – [Idea in Practice](#) – (8.30 - 18.30)

Side Room 1 – [Clinics & Pharma](#) – (11.00 - 18.30)

Side Room 2 – [Dentistry & Clinical](#) – (11.00 - 18.30)

[Warsaw tour](#) – start from Palace of Culture & Science at 19:00 (register!)

### 30.08.2009 (Sunday), The last, fifth day of the Congress

Concert Hall – [Homeopathy in society](#) – (8.30 - 13.00)

Concert Hall – [Closure Ceremony](#) – (13.00 - 14.30)

**27.08.2009 (Thursday), The Second day of the Congress****Concert Hall – Education** - from 8.30 till 18.30

14:30 Maria Augustyniak-Jabłokow - Why does the world of science have problems with accepting homeopathy?

Discussion

**Break 15:00-15:30 ~ ~ ~ ~ ~**

**Side Room 1 – Veterinary & Agro-homeopathy sessions**

– from 13.00 till 20.00

- |       |                |   |
|-------|----------------|---|
| 13:00 | V.V. Drozdov   | - Interdependent development of diabetes mellitus in animals and their owners                                     |
| 13:25 | O.N. Berezina  | - Selection of a highly similar homeopathic remedy in kittens with skeleton development disorders                 |
| 13:50 | O.I. Dinchenko | - Expansion of the range of use of homeopathic remedies mastometrin, traumatin and liarsin in veterinary medicine |
| 14:20 | E.A. Elizarova | - Correction of the psychic state of certain types of dogs by homeopathic remedies                                |

Discussion

**Break 15:00-15:30 ~ ~ ~ ~ ~**

- |       |                     |   |
|-------|---------------------|---|
| 15:30 | Radko Tichavsky     | - Perspectives of Agro-Homeopathy   |
| 16:50 | Stephan Baumgartner | - Homeopathic Preparations to Control the Rosy Apple Aphid ( <i>Dysaphis plantaginea</i> Pass.)         |
| 17:10 | Stephan Baumgartner | - Homeopathic treatment of <i>Arabidopsis thaliana</i> plants infected with <i>Pseudomonas syringae</i> |

Discussion

Agro-Homeopathy, a relatively new science uses a different model, which is economically practical and amenable to very rustic conditions. It is socially beneficial and, most importantly, its results are easily replicable (Barberato. 2000).

It strengthens the plant's own vital force, balances the soil and works at solving the ailments permanently through a systemic approach, and without any collateral effects.

Studies made by the Austrians Eugen and Lili Kolisko indicate a reliable scientific line of agro-homeopathy, allowing for the objective validation of experimental results (Eugen Kolisko and Lili Kolisko., reimpression 1978).

Agro-homeopathy based on scientific investigations revolutionizes the static panorama of agriculture. Several universities in Mexico (state supported Universidad Autónoma de Chapingo and private university Instituto Comenius), develop a systematic scientific research and realize publications in the agro-homeopathy. Instituto Comenius includes also agro-homeopathy as a obligatory field on Engineer in organic agricultural production career. (R. Tichavsky, 2008).

### Discussion

## Lunch Break 13:00-14:00 ~~~~~

### PHARMACEUTICAL SECTION – LMHI CONGRESS 2009

(from 15.00 till 18.30)

Amarilys de Toledo Cesar – LMHI Secretary for Pharmacy

The pharmaceutical section of the LMHI congress will be an opportunity for those who prescribe Homeopathy and pharmacists to get more in contact with the processes of preparing homeopathic remedies. Hahnemann said that the best physician is the one that may identify the best remedy. For a physician, to improve his praxis and to know how to better prescribe, it is essential to have at least a good idea on how the homeopathic remedies are prepared. The proposition of the LMHI Secretary for Pharmacy is to show that preparing the homeopathic remedy is possible for any community that proposes to follow minimal requirements for it and that inviting a pharmacist to participate to the homeopathic team is the best choice.

The evolution of the hahnemannian remedy, from the 5<sup>th</sup> to the 6<sup>th</sup> edition of the Organon, the Korsakovian method and the remedies made from machines will be presented, arriving to Hahnemann's best method of dynamization, the today called LM or Q potencies. A view on how to obtain the very best and correct sources will be shown. Films, slides, practical experiences and theoretical explanations will be used.

### **1<sup>st</sup> block of 2 hours: Presentation of the dynamization methods of Korsakov and Continuous Fluxion**

Who was and when lived Korsakov, the method he proposed, relationship between Hahnemann, Korsakov method nowadays. Practice and films with the current Korsakov machines.

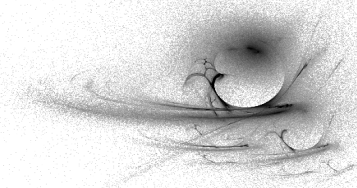

Presentation of the method of continuous fluxion, with a resume and presentation of some historically important machines of dynamization. Presentation of a film.

**Break 16:00-16:30 ~~~~~**

### **2<sup>nd</sup> block of 2 hours: Presentation of the LM or Q potencies and the correct sources for the homeopathic remedies.**

Starting from the C-potencies (5<sup>th</sup> edition of the Organon), we will follow Hahnemann with his search for more dilution, the trituration for all substances, increased number of succussions and administration of the diluted globuli for the patients. All there procedures take us to the remedy of the 6<sup>th</sup> edition of the Organon.

An explanation about the correct sources will be made, while part of the trituration method is made. After that, starting from a previous made C3 trituration, Q1 and Q2 potencies will be prepared, showing the dispensing form for the patients.

**Side Room 2 – Dentistry & Clinics – from 11.00 till 18.30****DENTISTRY SECTION**

(from 11.00 till 16.00)

Gloria André Feighelstein, Secretary for Dentistry, EC – LMHI

|       |                        |  |

| 12:15 | Gloria A. Feighelstein | - Homeopathy in periodontal diseases                       |

**Lunch Break 13:00-14:00 ~ ~ ~ ~ ~**

|       |                           |   |
|-------|---------------------------|---|
| 14:00 | Gloria A. Feighelstein    | - Comparative study between the medicament hypericum perforatum 3D and oxagel in the treatment of dental hypersensitiveness |
| 14:40 | Gloria André Feighelstein | - Comparative study of homeopathy/allopathy in the surgeries of third molars  |
| 15:20 | Gloria André Feighelstein | - Oral surgical procedures occurrences and injuries and the prophylactic homeopathic treatment                              |

The proposal of the Dentistry Program is to show that the dental profession is becoming increasingly aware of the indivisibility of dental health. It is to show that the Dentistry area is integrated with the rest of the body. This is particularly true of the chronic maladies, such as periodontal disease, as example the bone resorption around the teeth of a diabetic patient, and the gingival proliferation in an epileptic patient receiving a conventional therapy. It is very important to verify that four decades ago it was fairly common medical treatment for rheumatoid arthritis to extract all the patient's teeth. So we could certify that the Dentist Doctor during the dental treatment could profoundly affect that individual's systemic health and vice-versa. So, once this concept is embraced, the role of Homeopathy in Dentistry is much easier to appreciate.

The Dentistry Program of the 64<sup>th</sup> Congress of the LMHI is going to be an opportunity to increase the knowledge and exchange of experiences between the Homeopathy Dentists Doctors and Dentists Doctors interested in opening the possibilities to obtain the cure of their patients, to obtain the success of their patients' oral treatment.

During this Dentistry Program Day we could have the opportunity to talk about two dentistry specialties procedures, Periodontal Diseases and Endodontic Treatment using Homeopathic Remedies, and two more main subjects: the polemic fluor and the fluorosis, a special scientific work done by a Brazilian Homeopath Dentistry Doctor, Geraldo Brown Ribeiro and by myself and the Dental Hypersensitiveness, a university study done by dentist academics at the university Dental Clinic, that had begun in a simple experience in my clinic, observing the pathogenesis of the Hypericum perforatum and comproved in a study made in a Brazilian University of Volta Redonda (Rio de Janeiro), by other special Brazilian Homeopathy Dentistry Doctor, Rosy de Oliveira Nardy, comproving the efficacy of the Homeopathic Remedy.

Our main proposal is to make closely of the World the Homeopathy in Dentistry and the change of experiences between the Homeopathy Dentists Doctors, as well as to awake the interest of the homeopathy knowledge to the Dentists Doctors in General.

The Homeopathy in Dentistry is growing step by step, not only in Brazil, but other countries as Mexico, Colombia, Argentina, Hungary, Germany, Romania, Cuba, Spain and Belgium.

Discussion

The Primaristic is the knowledge about the neurophysiological order, who rules the flow of both health and disease. Primaristic gives the analysis and the manifestation of the human development in all the categories of life and in the development of the personality. The Primaristic comprises the basis of the human development: the sensorimotor, the emotional, the intellectual, the social and the ethic – religious development.
